VIGNONI

*single jersey minijacquard with selection system by punched cards*

## description

3 way technique mini-jacquard single jersey machine. The machine can be equipped with devices for elastomeric knitting on all feeds. Yarn carriers with dark zirconium head for plating and triple plating. The machine can be equipped with latch openers to produce drop stitch fabrics. This machine uses a modern selection system with PVC punched cards. This patented system enables the user to rapidly change the pattern and create economical pattern archives.
